

WANT TO DEEPEN RIVER CHANNEL EAST OF ISLAND

Plan Auxiliary Channel 20 Feet Deep and 200 Feet Wide

TO HOLD HEARING

All Interested Parties Invited To Hearing On February 24

CAMDEN, N. J., Feb. 6.—At a meeting of the South Jersey Port Commission held on December 30, 1947, Resolution No. 7703 adopted by the Board of Commissioners of the City of Trenton, was received and ordered spread upon the minutes. This resolution requested that the channel between Philadelphia and Trenton be restored to project dimensions.

On motion, unanimously approved, the Secretary of the Port Commission was directed to arrange for a public hearing and to invite all interested parties to attend, in order that the volume of tonnage that would move on the Delaware River between Philadelphia and Trenton, might be determined. Accordingly, arrangements have been made to hold a public hearing at two p. m., Tuesday, February 24th.

The existing project provides for a channel 28 feet deep and 300 feet wide from Allegheny avenue, Philadelphia, to the Pennsylvania Railroad Bridge at Delair; thence 25 feet deep and 300 feet wide to the upper end of the marine terminal at Trenton, including a turning basin 500 feet wide and 1,700 feet long at the terminal; widening the 25-foot channel at bends above Delair, and the maintenance of a channel 12 feet deep and 200 feet wide from the upper end of the 25-foot channel to the Pennsylvania Railroad Bridge at Trenton, dredged under a previous project. The project also provides for an auxiliary channel 20 feet deep and 200 feet wide east of Burlington Island extending easterly from the main channel to the upper end of the United States Pipe and Foundry Company's property at East Burlington, with a turning basin 450 feet wide at the upper end; and anchorage 22 feet deep, 100 feet wide, and 400 feet long along its west or landward side and 800 feet long along the west side of the ship channel, opposite the mouth of Biles Creek, Pa., and for the initial excavation only, of a cross channel 8 feet deep and 200 feet wide through the artificial island opposite Delanco, New Jersey.

Tullytown Man Accepts Position with Radio Station

William A. Lynch, son of Mr. and Mrs. Michael J. Lynch, Tullytown, will be station manager of WBUX, the new Bucks County radio station owned and operated by Charles M. Meredith, of Quakertown. WBUX will be located in Doylestown with other studios in Quakertown.

Lynch, graduate of Bristol high school, class of 1940, and The Pennsylvania State College, school of journalism, class of 1944, has been associated with Mr. Meredith in the newspaper business for the past two years. Previously he was employed by the Bethlehem Globe Times, Bethlehem. He now resides in Quakertown with his wife, the former Virginia Vetter, Bath Road, Bristol.

The staff for the station which includes two engineers, six announcers, three news-gatherers, and two receptionists, as well as salesmen is nearly complete, and broadcasting will begin as soon as the studios are completed and the 200-watt radio tower is erected.

WANT TO DEEPEN RIVER CHANNEL EAST OF ISLAND

Plan Auxiliary Channel 20 Feet Deep and 200 Feet Wide

TO HOLD HEARING

All Interested Parties Invited To Hearing On February 24

CAMDEN, N. J., Feb. 6 — At a meeting of the South Jersey Port Commission held on December 30, 1947, Resolution No. 7703 adopted by the Board of Commissioners of the City of Trenton, was received and ordered spread upon the minutes. This resolution requested that the channel between Philadelphia and Trenton be restored to project dimensions.

On motion, unanimously approved, the Secretary of the Port Commission was directed to arrange for a public hearing and to invite all interested parties to attend, in order that the volume of tonnage that would move on the Delaware River between Philadelphia and Trenton, might be determined. Accordingly, arrangements have been made to hold a public hearing at two p. m., Tuesday, February 24th.

The existing project provides for a channel 28 feet deep and 300 feet wide from Allegheny avenue, Philadelphia, to the Pennsylvania Railroad Bridge at Trenton, dredged under a previous project. The project also provides for an auxiliary channel 20 feet deep and 200 feet wide east of Burlington Island extending easterly from the main channel to the upper end of the United States Pipe and Foundry Company's property at East Burlington, with a turning basin 450 feet wide at the upper end; and anchorage 22 feet deep, 100 feet wide, and 400 feet long along its west or landward side and 500 feet long along the west side of the ship channel, opposite the mouth of Biles Creek, Pa., and for the initial excavation only, of a cross channel 8 feet deep and 200 feet wide between the artificial island opposite Delanco, New Jersey.

Tullytown Man Accepts Position with Radio Station

William A. Lynch, son of Mr. and Mrs. Michael J. Lynch, Tullytown, will be station manager of WBUX, the new Bucks County radio station owned and operated by Charles M. Meredith, of Quakertown. WBUX will be located in Doylestown with other studios in Quakertown.

Lynch, graduate of Bristol high school, class of 1940, and The Pennsylvania State College, school of journalism, class of 1944, has been associated with Mr. Meredith in the newspaper business for the past two years. Previously he was employed by the Bethlehem Globe Times, Bethlehem. He now resides in Quakertown with his wife, the former Virginia Vetter, Bath Road, Bristol.

The staff for the station which includes two engineers, six announcers, three news-gatherers, and two receptionists, as well as salesmen is nearly complete, and broadcasting will begin as soon as the studios are completed and the 200-watt radio tower is erected.

FRIDAY, FEBRUARY 6, 1948
GREATEST WEAKNESS
America's statistical need of
more petroleum supplies if it gets
angled up in another war is quite
unmistakable. It is estimated that in
no other conflict this country
could need more than 7,000,000
barrels of petroleum a day after
drastic cuts were made in civilian
consumption. Most of this could
be obtained in the Western
hemisphere unless enemy sub-
marines again decimated trans-
port.

By spending \$2,000,000,000 or
3,000,000,000 now in construc-
tion of synthetic plants to extract
petroleum from coal, natural gas
and shale, it is estimated produc-
tion at the end of two years would
be 2,000,000 barrels daily, and at
the end of five years 500,000 bar-
rels daily. But 500,000 barrels is
only one-tenth of present demand
for petroleum.

There are proposals that devel-
opment of a synthetic oil industry
be given priority similar to that
accorded synthetic rubber and the
atomic bomb during the last war.
Some defense experts go all
out and assert 9,000,000 to 10,-
000,000 barrels of oil a day would
be needed should war come in 10
years. Increased emphasis on
military aircraft, guided missiles
and other mechanization would
create unprecedented demand for
oil.

No nation is stronger than its
most pronounced weakness, and a
shortage of oil is the greatest con-
ceivable weakness that could hit
any nation.

RETIREMENT PAY
How 81 former Army and
Navy officers can earn between
\$10,000 and \$125,000 annually in
private business, yet continue to
receive tax-free pensions of \$550
a month, is a proper subject for
congressional investigation.

The public is entitled to know
whether the law on retirement pay
is being abused. If the responsibil-
ities of high military command
during war are crushing indeed,
several famous top commanders
accustomed to the years of strain,
when their arduous duties were
behind them and the reactions of
peace set in.

Others, while not wounded
during action with the enemy,
were physically or nervously im-
paired to such a degree that they
were no longer considered fit for
duties which they might be called
upon to discharge.

It is an unfair reflection to such
as these if \$1, capable of earning
from \$10,000 to \$125,000 a year
in private pursuits, are each draw-
ing \$550 a month allowance for
non-service connected disability.

Congress owes an obligation
to service men as well as the na-
tion to unearth all evidence bear-
ing on favoritism or chiseling.

What has happened in France
should be a guide for other na-
tions. It seems the Russians get
terribly offended when not per-
mitted to take over a country.

Loquacious Secretary Ander-
son says there is a burdensome
supply of some foods, which will
be news to housewives.

By spending \$2,000,000,000 or
3,000,000,000 now in construc-
tion of synthetic plants to extract
petroleum from coal, natural gas
and shale, it is estimated produc-
tion at the end of two years would

ing for a reduction of a \$20-per-
week support order that he has been
paying his wife, Dorothy, for the
support of their child. A divorce in
the Cherubine case is now pending.
Cherubine, who formerly made
\$67 a week at a Bristol plant, now
is unemployed other than doing
carpenter work. He told the court
that he could afford no more than
\$10 per week.

Judge Keller reduced the order to
\$15 per week.
Judge Keller directed that Ed-
ward Tracy pay a \$25 per week
support order to his wife, Mar-
garet. Tracy resides at 76 Perrine
avenue, Trenton, N. J., and his wife
in Morrisville.

Judge Boyer granted a divorce
today to Harold F. Reedman, of
Emille road, Bristol R. D. 1, from
Gertrude Reedman, of Bristol Ter-
race, Bristol, on grounds of cruel
and barbarous treatment. They
were married Nov. 13, 1943, at
Emille.

Perkasie Council
Grants Pay Boost

was adopted item by item, but the
raises are all about 10%.

A change was also made in the
plan of paying street department
workers on a salary basis. In the
past, they have been paid by the
week, even though they may have
been idle on rainy days or have
been called in for overtime. The
new plan sets up all but the depart-
ment heads in the street and elec-

tric departments on an hourly basis,
with straight pay for overtime.

Burgess Roy Benner reported
himself as "dissatisfied with the
police set-up" in the borough, and
he asked that council at its earliest
convenience consider revamping
the system. There are two men on
the force, and the burgess pointed
out that from eight to nine hours a
day, Perkasie has no police protec-
tion at all.

J. Lawrence Grim, borough solicitor,
was instructed to draw up an
ordinance supporting the present
regulations on parking and traffic
movement.

The electric department reported
receipts of \$11,912.53 for January,
with net earnings of \$2,669.35 and
\$1,560 allocated to sinking funds.
A controversy over a violation of
the building and zoning code was
brought up by Lefroy Glassmeyer,
who had erected a small outbuilding
on his property for housing poultry,
without conforming to existing reg-
ulations, according to the charges
of the building inspector.

Glassmeyer said that he had been
summoned for hearing as an ordi-
nance violator, and he asked council
to intercede. Councilmen decided
that their body will not act as an
interpreting or enforcing agency,
and that the building inspector is
in full authority.

ture a program of "Truth or Conse-
quences."

What's A Billion?

Continued from Page One

Or take another illustration:
Pennsylvania, in addition to being
a great manufacturing and mining
state, is also one of the large ag-
ricultural states. In many lines of
farm production, she is right up
near the top—in some she leads the
nation.

According to the census, there are
171,761 farms in the state, covering
an acreage of 15,000,000—and the
estimated value of all those farms
is almost exactly one billion dol-
lars!

Does that begin to show that a
billion dollars is really an incredi-
bly large amount—and that saving
it by means of proper reductions in
the cost of Federal government is
thoroughly well worth while.

Let's try another example. The
suggested reduction in the Marshall
Plan is \$2,000,000,000—and there
seems to be an intimation that this
isn't enough to bother with. Let's
try to dramatize two billion dollars.

Back in 1859, gold was discovered
in California. For nearly a hundred
years, the impetus of that discovery
has resulted in the settlement of the
far west. Gold mining has been in
process in the Rockies throughout
the century. The lure of the gold
has captured the imagination of one
generation after another.

How much gold has been mined in
the West, serving as the stimulus
for the gigantic growth and expan-
sion of the Pacific Coast states?

Approximately \$2,000,000,000
worth—just the amount which has
been handed about in connection
with the Marshall Plan, on the gen-
eral basis that it might be possible
to cut that much out, but hardly
worth the bother!

A last example: As everyone
knows, last year this country broke
all records sending food abroad. We
shipped so much that we caused a
scarcity at home. The government
speeded up the process with a whole
series of high-priced projects—
everything from UNRRA to the
Greek loan. Our food exports have
thrown our economy far out of bal-
ance—in some lines we have hardly
enough for ourselves. Let alone
enough to continue the process un-
der the Marshall Plan.

What was the value of these food
exports, which so profoundly dis-
turbed our own economy—and left
millions of housewives scratching
their head in the grocery stores, try-
ing to understand why prices con-
tinued to soar?

They roared off at about \$2,000,-
000,000.

The truth is that a billion dollars
is a lot of money. Any time the boys
at Washington start talking about
"only a billion," look out!

Request Grain to Feed
Starving Wild Animals

A public appeal for gifts of corn
and timothy hay to be flown to areas
where deer and other wild animals
are starving in heavy snow was
made today by the Civil Air Patrol.
A dozen CAP airplanes, with the
pilots contributing their own time
use of the aircraft and gasoline, will
take off with the corn and hay at
10 a. m. Tuesday from Northeast
Airport Philadelphia for the worst
hit areas in eastern Pennsylvania.

Any sportsmen pilots in this vi-
cinity wishing to participate will
be welcomed, according to Captain
Marty Green, of Bristol. They are
asked to report to Captain Green at
the Northeast Airport before 10
o'clock on Tuesday morning.

Sportsmen's clubs desirous of
contributing grain are also asked to
contact Captain Green either at the
airport or at his place of business
on Mill street here.

The takeoff was fixed to allow
contributions from the public to
reach the airport.

The grain and corn should be
taken or addressed to Capt. Martin
Green, First Tactical Squadron,
Civil Air Patrol, Northeast Airport,
Philadelphia, Pa. CAP said today.
"The grain should be in two-
pound lots, in paper bags, tied tight,
so that the corn will scatter on
hitting the ground, and the hay

should be in loads of about an arm-
ful, tied with twine strong enough
to keep packages intact in the plane
but weak enough to burst on im-
pact," the CAP said.

The save-the-deer campaign is the
first undertaken by the CAP here,
and is believed to be the first in the
East," the Air Patrol said.

Citizens were also urged to con-
tinue putting out food for birds.
Humane society officials said that
the continued snow would mean
starvation for many birds unless
grain, suet and bread were scat-
tered where they could reach the
food.

ing to understand why prices con-
tinued to soar?

They roared off at about \$2,000,-

Request Grain to Feed
Starving Wild Animals

A public appeal for gifts of corn
and timothy hay to be flown to areas
where deer and other wild animals
are starving in heavy snow was
made today by the Civil Air Patrol.
A dozen CAP airplanes, with the
pilots contributing their own time
use of the aircraft and gasoline, will
take off with the corn and hay at
10 a. m. Tuesday from Northeast
Airport Philadelphia for the worst
hit areas in eastern Pennsylvania.

Any sportsmen pilots in this vi-
cinity wishing to participate will
be welcomed, according to Captain
Marty Green, of Bristol. They are
asked to report to Captain Green at
the Northeast Airport before 10
o'clock on Tuesday morning.

Sportsmen's clubs desirous of
contributing grain are also asked to
contact Captain Green either at the
airport or at his place of business
on Mill street here.

The takeoff was fixed to allow
contributions from the public to
reach the airport.

The grain and corn should be
taken or addressed to Capt. Martin
Green, First Tactical Squadron,
Civil Air Patrol, Northeast Airport,
Philadelphia, Pa. CAP said today.
"The grain should be in two-
pound lots, in paper bags, tied tight,
so that the corn will scatter on
hitting the ground, and the hay

should be in loads of about an arm-
ful, tied with twine strong enough
to keep packages intact in the plane
but weak enough to burst on im-
pact," the CAP said.

The save-the-deer campaign is the
first undertaken by the CAP here,
and is believed to be the first in the
East," the Air Patrol said.

Citizens were also urged to con-
tinue putting out food for birds.
Humane society officials said that
the continued snow would mean
starvation for many birds unless
grain, suet and bread were scat-
tered where they could reach the
food.

FRIDAY, FEBRUARY 6, 1948
GREATEST WEAKNESS
America's statistical need of
petroleum supplies if it gets
angled up in another war is quite
apparent. It is estimated that in
another conflict this country
would need more than 7,000,000
barrels of petroleum a day after
 drastic cuts were made in civilian
consumption. Most of this could
be obtained in the Western
hemisphere unless enemy sub-
marines again decimated trans-
oceanic shipping.

By spending \$2,000,000,000 or
\$3,000,000,000 now in construc-
tion of synthetic plants to extract
petroleum from coal, natural gas
and shale, it is estimated produc-
tion at the end of two years would
be 200,000 barrels daily, and at
the end of five years 500,000 bar-
rels daily. But 500,000 barrels is
only one-tenth of present demand
for petroleum.

There are proposals that devel-
opment of a synthetic oil industry
be given priority similar to that
accorded synthetic rubber and the
atomic bomb during the last war.
Some defense experts go all
out and assert 9,000,000 to 10,
000,000 barrels of oil a day would
be needed should war come in 10
years. Increased emphasis on
military aircraft, guided missiles
and other mechanization would
create unprecedented demand for
oil.

No nation is stronger than its
most pronounced weakness, and a
shortage of oil is the greatest con-
ceivable weakness that could hit
this nation.

RETIREMENT PAY
How 81 former Army and
Navy officers can earn between
\$10,000 and \$125,000 annually in
private business, yet continue to
receive tax-free pensions of \$550
a month, is a proper subject for
congressional investigation.

The public is entitled to know
whether the law on retirement pay
is being abused. The responsibil-
ities of high military command
during war are crushing indeed,
several famous top commanders
succumbed to the years of strain,
when their arduous duties were
behind them and the reactions of
peace set in.

Others, while not wounded
during action with the enemy,
were physically or nervously im-
paired to such a degree that they
were no longer considered fit for
duties which they might be called
upon to discharge.

It is an unfair reflection to such
as these if 81, capable of earning
from \$10,000 to \$125,000 a year
in private pursuits, are each draw-
ing \$550 a month allowance for
non-service connected disability.

Congress owes an obligation
to service men as well as the na-
tion to unearth all evidence bear-
ing on favoritism or chiseling.

What has happened in France
should be a guide for other na-
tions. It seems the Russians get
terribly offended when not per-
mitted to take over a country.

Loganous Secretary Ander-
son says there is a burdensome
supply of some foods, which will
be news to housewives.

paying his wife, Dorothy, for the
support of their child. A divorce in
the Cherubine case is now pending.

Cherubine, who formerly made
\$67 a week at a Bristol plant, now
is unemployed other than doing
carpenter work. He told the Court
that he could afford no more than
\$10 per week.

Judge Keller reduced the order to
\$15 per week.

Judge Keller directed that Ed-
ward Tracy pay a \$25 per week
support order to his wife, Mar-
garet, Tracy resides at 26 Perrine

Judge Boyer granted a divorce
today to Harold F. Reedman of

and barbarous treatment. They
were married Nov. 13, 1943, at

Perkasie Council Grants Pay Boost

Continued from Page One
was adopted item by item, but the
raises are all about 10%.

A change was also made in the
plan of paying street department
workers on a salary basis. In the
past, they have been paid by the
week, even though they may have
been idle on rainy days, or have
been called in for overtime. The
new plan sets up all but the depart-
ment heads in the street and elec-

trical departments on an hourly basis,
with straight pay for overtime.

Burgess Roy Benner reported
himself as "dissatisfied with the
police set-up" in the borough, and
he asked that council at its earliest
convenience, consider revamping
the system. There are two men on
the force, and the borough pointed
out that from eight to nine hours a
day, Perkasie has no police protec-
tion at all.

J. Lawrence Grim, borough solici-
tor, was instructed to draw up an
ordinance supporting the present
regulations on parking and traffic
movement.

The electric department reported
receipts of \$119,125 for January,
with net earnings of \$2,569.35, and
\$1,500 allocated to sinking funds.

A controversy over a violation of
the building and zoning code was
brought up by Lefroy Glassmeyer,
who had erected a small outbuilding
on his property for housing poultry,
without conforming to existing reg-
ulations according to the charges
of the building inspector.

Glassmeyer said that he had been
summoned for hearing as an ordi-
nance violator, and he asked council
to intercede. Councilmen decided
that their body will not act as an
interpreting or enforcing agency,
and that the building inspector is
in full authority.

The reroofing of Third street,
in the block from Vine to Race, was
reported completed at a cost of
\$2,806 for 14,800 square feet. The
highway commissioner reported the
expenditure of only ninety dollars
over his regular payroll for snow
removal during January.

What's A Billion?

Continued from Page One

Or take another illustration:
Pennsylvania, in addition to being
a great manufacturing and mining
state, is also one of the large ag-
ricultural states. In many lines of
farm production, she is right up
near the top—in some, she leads the
nation.

According to the census, there are
171,761 farms in the state, covering
an acreage of 15,000,000 — and the
estimated value of all those farms
is almost exactly one billion dol-
lars!

Does that begin to show that a
billion dollars is really an incredi-
bly large amount—and that saving
it by means of proper reductions in
the cost of Federal government is
thoroughly well worth while.

Let's try another example. The
suggested reduction in the Marshall
Plan is \$2,000,000,000 — and there
seems to be an intimation that this
isn't enough to bother with. Let's
try to dramatize two billion dollars.

Back in 1859 gold was discovered
in California. For nearly a hundred
years, the impetus of that discovery
has resulted in the settlement of the
far West. Gold mining has been in
process in the Rockies throughout
the century. The lure of the gold
has captured the imagination of one
generation after another.

How much gold has been mined in
the West, serving as the stimulus
for the gigantic growth and expan-
sion of the Pacific Coast states?

Approximately \$2,000,000,000
worth—just the amount which has
been banded about in connection
with the Marshall Plan, on the gen-
eral basis that it might be possible
to cut that much out, but hardly
worth the bother!

A last example: As everyone
knows, last year this country broke
all records sending food abroad. We
shipped so much that we caused a
scarcity at home. The government
speeded up the process with a whole
series of high-priced projects —
everything from UNRRA to the
Greek loan. Our food exports have
thrown our economy far out of bal-
ance—in some lines we have hardly
enough for ourselves, let alone
enough to continue the process un-
der the Marshall Plan.

What was the value of these food
exports, which so profoundly dis-
turbed our own economy — and left
millions of housewives scratching
their head in the grocery stores, try-
ing to understand why prices con-
tinued to soar?

They wound off at about \$2,000,
000,000.

The truth is that a billion dollars
is a lot of money. Any time the boys
at Washington start talking about
"only a billion" — look out!

FRANKLIN WINS; PENN. A. C. VICTORS IN YOUTH LEAGUE

Victors in last night's Bristol Youth League games on the Mutual Aid floor were the Franklin and the Penn. A. C. teams. Franklin walloped the Terchon Post Cadets, 57-25, while Penn. A. C. took a 51-36 decision over the Third Ward Eagles.

It was the ninth victory in a row for Junior Field's Franklin team, which is still unbeaten. The Franks clocked from the opening whistle and played a good passing game.

"Bill" Wallick added 25 points to his season's total, cutting the nets for 12 field goals and a foul. Paige Stewart had 13 points for the winners.

Thirteen points by Turner Ashby aided the Pennacs to chalk up their win which gave them a firmer hold on third place. It was the fourth straight loss for the Eagles.

Rodgers scored nine points for the losing contingent to be their leader in points.

ST. ANN'S GO ON BIG SCORING SPREE

The St. Ann's Parochial School five went on a scoring spree last night as it trounced the Fifth Ward Speedsters, 41-12, in a Bristol Junior League game on the Mutual Aid court.

The "Saints" shut out the Speedsters from the field in the first, second and fourth periods. The three field goals made by the losers were made in the third session.

Maura was high for St. Ann's, getting 9 fielders and one out of three fouls.

The win put St. Ann's a full game away from the league-leading St. Mark's team.

BENSALEM ALUMNI LOSES TO BRISTOL

The Bristol Alumni quintet experienced little difficulty in downing the Bensalem Alumni team last night on the Bristol high school floor. Final count stood, Bristol, 45; Bensalem, 31.

The Bristol graduates were off in their shooting in the first quarter but from then on found the range of the baskets and netted twenty-two field goals. However, they were poor marksmen from the foul line as they registered but one conversion in nine attempts.

"Stan" Lelinski, "Easy" Mama and "Bill" McGerr led the Bristol team in victory with McGerr making several hard shots. "Don" Abe had four field goals to score eight points for the Bensalemites.

The teams will play a return match on the Bensalem high school floor next Thursday night.

HIGH SCHOOL TO PLAY PALMYRA

Bristol High will travel to Palmyra tonight to play that school in their second meeting of the season. The Warriors beat the Jersey team in their first game at Bristol in December. The Warriors play their third game of the week tomorrow, meeting George School, on the latter's court.

Exonerate Truck Driver Held For Fatal Accident

Continued from Page One
The first witness, Bristol police officer, Vincent Paragalli, told of his investigation. He said the accident occurred January 9th at about 5:50 p. m., on old Route 13. Upon the arrival of the officer at the scene the victim was still alive but was pronounced dead upon arrival at the Harriman Hospital. The officer stated the width of the highway at that spot is 17 feet and 10 inches. The body was lying about 50 feet east of the Maple Beach road and 280 feet west of Mill street. There were skid marks on the roadway extending for 34 feet. The length of the truck was given as 19 feet and eight inches.

According to the officer, Clark was struck by the left grill and left fender of the truck. The body landed on the truck's hood and then dropped onto the highway. In a test the brakes of the truck proved 90 per cent efficient.

The next witness was Peter Tisone, who was an eyewitness. Tisone told the jury he was driving

west on old Route 13 and saw Clark walk across the roadway in front of the Felin truck. He testified that the body was tossed up into the air and then dropped head first onto the highway. Tisone also stated that he believed the speed of the truck was 20 to 25 miles per hour. He said that the vehicle was stopped quickly. It was testified that the driver of the truck blinked the headlights and that Clark walked right in front of the vehicle when about eight feet away.

The defendant, Zobel, took the stand in his own behalf. He estimated his speed at 25 miles per hour. He said that he saw a shadow to one side. He applied his brakes. He heard a thud but didn't know he had struck a person. He stopped the truck and getting out walked around the vehicle and then saw the body. Those attracted to the scene advised him not to pick up the victim as he was about to do so.

Zobel told the jury he has been driving for 30 years and never before had a fatal accident.

Club Woman at Langhorne To Participate in Drives

LANGHORNE, Feb. 6.—The business meeting of Langhorne Sorosis, held in the local library, yesterday afternoon, was a short one. Mrs. Henry Ridge was the presiding officer.

Members outlined tentatively the part they will take in fund drives, the Red Cross solicitation to be in March; and the drive in aid of cancer research in April.

Sorosis also plans a public forum for April on the general subject of cleaning of streams. This will be under sponsorship of the conservation and garden committee of the club.

Speech discussion clinics are being arranged, the purpose being to encourage members to take more active part in club activities. Members will be encouraged to participate in discussions and in presentation of certain matters before the club, in order to become more accustomed to speaking before groups.

Directors Criticize New Taxing Powers

penses and make distributions to school districts.

The local revenue raiser was defended by chief clerk of the House William E. Habbyslaw, a Hummelstown school director.

He told reporters later that the meeting was "packed" with outsiders, including an attorney for a coal company. A Supreme Court ruling upholding the constitutionality of the tax act specifically legalized levies on coal.

Habbyslaw warned delegates meeting in the House of Representatives that a number of school districts in the anthracite region responsible for the Teacher Tenure Act of 1935 now were attempting to undermine the taxing powers. He did not identify them.

Several speakers, including Stephen Mahovich, chairman of the Monessen school board, reminded delegates the purpose of discussions was to decide preferable levies rather than to discuss the merit of the tax law.

He suggested a one-half per cent wages levy to be imposed by his district. Replacing per capita was the fairest type of tax since it would bring in adequate revenue without imposing undue burdens upon lower income brackets.

Per capita imposts were too hard to collect, he said. His district in

the past was able to collect only \$15,000 of the \$48,000 levy, he added. Superintendent of Public Instruction Frances R. Haas told the conference earlier that local and state financial responsibilities were necessary to keep alive sufficient interest in education to "perpetuate the American way of life."

FRANKLIN WINS; PENN A. C. VICTORS IN YOUTH LEAGUE

Victors in last night's Bristol Youth League games on the Mutual Aid floor were the Franklin and the Penn A. C. teams. Franklin walloped the Terehon Post Cadets, 57-25, while Penn A. C. took a 51-36 decision over the Third Ward Eagles.

It was the ninth victory in a row for Junior Field's Franklin team, which is still unbeaten. The Franks clicked from the opening whistle and played a good passing game.

"Bill" Wallick added 25 points to his season's total, cutting the nets for 12 field goals and a foul. Paige Stewart had 13 points for the winners.

Thirteen points by Turner Ashby aided the Pennacs to chalk up their win which gave them a firmer hold on third place. It was the fourth straight loss for the Eagles.

Rodgers scored nine points for the losing contingent to be their leader in points.

BOY SCOUT WEEK TO BE OBSERVED THROUGHOUT THE UNITED STATES

DATES: February 6 (Friday) through Feb. 12 (Thursday).
ANNIVERSARY: 38th Anniversary of Boy Scouts of America, which was incorporated at Washington, D. C., on Feb. 8, 1910. (Federal Charter granted by Congress on June 15, 1916).

SCOUT SUNDAY: February 8th. (Jewish Observances on Feb. 6th and 7th).

THEME: The Scout Citizen at Work... in his home... in his community... in his nation... in his world.

More than 2,126,000 Cub Scouts, Boy Scouts Senior Scouts and their adult leaders in every part of the nation will mark this 38th anniversary by launching a major program for the year.

In 1948 they are emphasizing conservation of food and natural resources, planting gardens, safety and fire prevention, home repairs and personal health check-up. The Boy Scouts of America will continue through 1948 to help Scout organizations overseas to rebuild. Thus far more than 3,000 tons of equipment have been shipped.

Year's Program
January: Home repairs and food conservation.

February: Making equipment for "adopted" troops overseas, participation in World Friendship Fund and start correspondence with overseas Scouts.

March: Set out bird houses, plan for home and group gardens.

April: Home and community clean-up and beautification and plant gardens.

May: Work in gardens and offer aid to local conservation agencies.

June: Control flies, mosquitoes, other pests and control plants harmful to man, work in gardens and build nature trails.

July and August: Water safety demonstrations, restoration of historical trails and markers, work in gardens and store food raised.

September: Safety check-up and demonstrations, highway safety campaigns.

October: Service to other organizations and institutions and historical pilgrimages or hike.

November: Repair toys for children's home, service to hospitals and Veterans' Homes and set out bird feeders.

December: Train for emergency service, demonstrations in first aid and ice rescue and patrol sledging hills and skating ponds.

The Scout Citizen at Work

In His Home: At the Boy Scout week meeting with parents, friends and supporters of the Unit present, each Pack, Troop or Senior Unit will report on its services to the community during the past year and its plans for service in 1948.

In His Community: Scout delegations will report to the Mayor or other head of government in each city, town or borough on what Scout Citizens have done during the year past and what they have on the docket for 1948.

In His Nation: The work reports of the nation's 545 Local Councils will be assembled in a master report to the nation. Twelve Boy Scouts, representing each of the 12 Boy Scout Regions, will go to Washington with Regional Reports to be made to the President, to Congress, and to the private and governmental agencies with whom the Boy Scouts cooperate on a nationwide basis.

In His World: As the Boy Scouts of America is part of the World Scout Brotherhood, the 12 Scouts representing the Regions will render their report on "The Scout Citizen at Work in his World" to the United Nations in New York City.

Facts About the Boy Scouts of America

Membership: 2,126,000 Scouts and adult leaders (Total belonging since 1910—14,000,000).

Total Units: 68,500.

Local Councils: 545 covering entire United States, Alaska, Canal Zone, Puerto Rico, Virgin Islands, Hawaii and Guam.

World Membership: There are now 42 nations with Boy Scout Organizations. They maintain an in-

ternational Scout Bureau in London. The 42 nations now have 4,469,750 members. They help promote world peace and mutual understanding through World Scout Jamborees, generally held every four years, and through correspondence.

Scout Oath

On my honor I will do my best:

To do my duty to God and my country, and to obey the Scout Law;

To help other people at all times;

To keep myself physically strong, mentally awake, and morally straight.

Here and There In Bucks County Towns

Continued from Page One

number of trailers are parked. These are occupied by the families of men who are digging a pipeline.

Mr. Gulden was informed by council that a number of definite rulings will have to be made regarding the trailers in the rear of his property. Council wants to know what disposal is being made with the garbage and other refuse.

The officials also intimated that the location of the trailers may cause the infraction of the borough's zoning ordinance. The health and welfare committee was instructed to make a study of the situation and to submit recommendations at the next meeting of council.

Paul VanArtsdale, of Castle Valley, 19-year-old son of Mrs. Paul VanArtsdale, on Tuesday under-

went an operation in Abington Hospital for the removal of his left leg above the knee.

The young man, who suffered an infection, recently graduated from a preparatory school.

Want to Deepen River Channel East of Island

Continued from Page One

The latest examination of the condition of the channel made by the United States Engineer Office, Philadelphia District, shows a controlling depth of 15.4 feet at mean low water between Philadelphia, Pa., and the marine terminal at Trenton, N. J.

All interested parties are invited to be present or represented at the above time and place, including representatives of Federal, State, county and municipal agencies, and those of commercial, industrial, civic, highway, railroad, and waterway transportation interests, and property owners concerned. They will be afforded full opportunity to express their views concerning the character and extent of the improvement desired, and the need and advisability of its execution. Sponsors of the improvement advocated are urged to present pertinent factual material bearing upon the general plan of improvement desired and the economic justification of the undertaking. Opposing interests, if any, are also urged to state the reasons for their position.

Oral statements will be heard; but for accuracy of record, all important facts and arguments should be submitted in writing. Written statements may be handed to the undersigned at the hearing, or mailed to him beforehand.

Paul VanArtsdale, of Castle Valley, 19-year-old son of Mrs. Paul VanArtsdale, on Tuesday under-

went an operation in Abington Hospital for the removal of his left leg above the knee.

The young man, who suffered an infection, recently graduated from a preparatory school.

Today's Quiet Moment

By the Rev. Vernon M. Murray, Jr.
Pastor
Wilkinson Memorial Methodist Church, Croydon

Our God and our Father, we lift our hearts to Thee in praise and thanksgiving. We are not worthy to be called Thy children, but Thou didst first love us and give Thine only Son for us. For this we thank Thee with all our hearts. We thank Thee for the Holy Spirit that cleanses us from all sin. May we all avail ourselves of that Spirit, in Jesus' name we pray. Amen.

Churchville, Mrs. Arthur Gillingham, Bristol, R. D. 2.

Mrs. Harry Force and Mrs. Vincent Force, Otter street, attended a calendar luncheon at the home of Mrs. Christian Tomlinson, Langhorne, one day last week. Other guests were: Mrs. Arthur Gillingham, Bristol, R. D. 2; Mrs. Alfred Woolman, Mrs. Robert Peneger, Mrs. William Arwine, Hulmeville; Mrs. Albert Tomlinson, Pennel.

Mr. and Mrs. Paul W. Wisegarver, of Maple Shade, entertained at a dinner party on Saturday in honor of Mr. and Mrs. Bernard C. Rowe and daughter, Donna Sue, East Stroudsburg. The guests included: Mr. and Mrs. Arthur Peterson, Mr. and Mrs. Edwin Hallinger, Mr. and Mrs. Fred Wetzel, Mrs. Rapp, Mr. and Mrs. Bernard Rowe, Miss Christine Wetzel and Miss Donna Sue Rowe.

Today's Quiet Moment

By the Rev. Vernon M. Murray, Jr., Pastor
Wilkinson Memorial Methodist Church, Croydon

Our God and our Father, we lift our hearts to Thee in praise and thanksgiving. We are not worthy to be called Thy children, but Thou didst first love us and give Thine only Son for us. For this we thank Thee with all our hearts. We thank Thee for the Holy Spirit that cleanses us from all sin. May we all avail ourselves of that Spirit, in Jesus' name we pray. Amen.

Churchville; Mrs. Arthur Gillingham, Bristol, R. D. 2.

Mrs. Harry Force and Mrs. Vincent Force, Otter street, attended a calendar luncheon at the home of Mrs. Christian Tomlinson, Langhorne, one day last week. Other guests were: Mrs. Arthur Gillingham, Bristol, R. D. 2; Mrs. Alfred Woolman, Mrs. Robert Pheneger, Mrs. William Arwine, Hulmeville; Mrs. Albert Tomlinson, Pottsville.

Mr. and Mrs. Paul W. Wisegarver, of Maple Shade, entertained at a dinner party on Saturday in honor of Mr. and Mrs. Bernard C. Rowe and daughter, Donna Sue, East Stroudsburg. The guests included: Mr. and Mrs. Arthur Peterson, Mr. and Mrs. Edwin Hallinger, Mr. and Mrs. Fred Wetzel, Mrs. Rapp, Mr. and Mrs. Bernard Rowe, Miss Christine Wetzel and Miss Donna Sue Rowe.

SPORTSMEN'S BRIEFS
BY JOE ELBERSON

Here it is . . . the rules for the annual fishing contest for members of the Bristol Fish & Game Protective Association have just been released by the co-chairmen of the fish committee, Ollie Hobbs and Kenneth Brandau.

- The rules are as follows:
1. All members must be in good standing in the Association for a period of at least 10 days prior to making an entry.
 2. All entries, except trout and salt water species, must be caught in public fishing waters of Bucks County, or waters forming its boundary. Trout may be taken from any public stream in Pennsylvania, while there are no restrictions on locale for taking salt water fish.
 3. Eels are not included in the non-game division.
 4. All catches must be entered at Penn Auto & Sports Store, 227 Mill street, official contest headquarters. Entries can also be made in an emergency directly to either Hobbs or Brandau, the committee chairmen. When catches are made at some distance from home and the fish are not returned, then entry can be made by notarized statement giving full details.
 5. All winners will be decided by weight.
 6. The contest will close December 31, 1948, or at the end of respective 1948 legal seasons.
 7. One five-dollar prize will be awarded the winner of each of the following six divisions: Trout, Non-Game, Bass, Pickerel, Carp, and Salt Water.
- Complete details of the annual open contest for all licensed fishermen and the children's contest will be announced at a later date. This contest, it is stated, will be held at Silver Lake as has been the practice in past years.

For Newportville Rod & Gun Club members only . . . this Sunday, February 8th, the annual meeting of your club will be held at the club house on Haunted Lane for the purpose of electing officers for 1948. Following the election movies will be shown and refreshments served. The meeting is scheduled for 1:30 in the afternoon. All members are urged to be on hand, and I'm certain this club will welcome new members and all interested sportsmen.

Another meeting . . . next Tuesday, February 10, the Bristol Fish & Game Protective Association will meet at 8 p. m. in the Odd Fellows Hall, Bristol. In addition to the business session secretary James Chichester advises that some good movies have been secured for this meeting. All interested sportsmen are welcome to attend.

Not good sportsmanship . . . the attitude of some organized sportsmen's clubs that no other club should be formed in their "jurisdiction," that no new clubs in these jurisdictions should distribute game received for stocking from the Game Commission, and that the Federation has reached the saturation point as far as new members are concerned, is based on selfish, unfair, unsportsmanlike reasoning.

If "jurisdiction" should happen to overlap this is unimportant since all organized sportsmen should be organized for just one purpose: A common, united co-operation in furthering and bettering their mutual interests and in protecting the great natural resources by conservation education.

All sportsmen's clubs should be given a hearty welcome into the Federation. The Federation was formed to pool the common interests of sportsmen so that through united action more could be accomplished for all. The larger the Federation membership the more influence can be wielded when the wishes of the sportsmen are made known to our legislators and others.

BENSALEM SEXTET DEFEATS BRISTOL

Holding the Bristol Alumni to four points in the second half, the Bensalem sextet trimmed their opponents by a 28-15 score last night in the preliminary game on the high school court.

The Bristol girls' four points in the last half of the game was made with but one minute to go and both field goals were scored by Theresa Cahill. Lillian Brownlee had 11 Bristol points.

Viola Lamon and Whitfield led Bensalem in scoring with 14 and 10 counters, respectively. Mabel Ridge played fine defensive ball for the winners.

PROFY FIVE TO MEET 5TH WARD HERE TONIGHT

The Profy and Fifth Ward teams will battle for second place in the Bristol Basketball League tonight when they meet in the nightcap of a twin-bill on the high school floor.

In the first tilt, the Croydon Vets will play the Knights of Columbus quintet. The latter game will begin at 7:30 o'clock sharp.

At the present reading, Profy's has a one-half game lead on the Warders but the Fifth Ward team cannot afford to lose as it holds but a one-half game edge on both the Knights of Columbus and Hibernians teams for third place.

Coach "Pete" Bornice, of the Warders, intends to use Pat Carnvale "Vince" DiTanna, Joe Piebani, "Danny" DiMidio, and "Wally" Carnvale as his starting quintet while the Profy starting lineup will contain "Reds" Gallagher, "Joe" Roe, "Johnny" Slaven, Ralph Cahill, and "Teddy" Sak.

The Knights of Columbus aggregation is still in the midst of the

pennant fight but their hopes will take a fade-out should it lose to the Vets tonight. Manager Wurstan, of the Vets, will have "Bob" Jones, "Tommy" Forte, "Ed" Feehan, "Ben" Samsel, and John Davenport as his first five to go on the floor, while Coach "Bill" Martin's starting quintet will be composed of "Bob" Bonner, "Johnny" Kain, "Joe" Quigley, "Vince" Profy, and "Stan" Lelinski.

BENSALEM OWLS TO PLAY FALLSINGTON

CORNWELLS HEIGHTS, Feb. 6.—In a Lower Bucks County League tilt tonight, the Bensalem Owls will meet the Fallsington Falcons on the former's floor. The last battle of the birds resulted in a Falcons' win.

Coach "Johnny" Slaven's Bensalem team has improved immensely since the first tilt with Glenn Miller's lads and a close game is expected.

and a GOOD "DEAL" in Veterans' Affairs

You'll feel 100% "at home" in your American Legion post. You'll find folks there who know what it's all about. They're a well-gear'd working team getting things done — and having a whale of a good time doing them.

There's plenty in the Legion Program for you. Here's why:

- 1) Your Legion is the biggest veterans' outfit in the history of the world. More than 3,000,000 members. It offers you the backing of one hundred million dollars worth of physical assets.
- 2) The Legion button in your lapel will net you recognition and respect.
- 3) The Leg on operates YOUR way. Plans begin at your post and go to the top. Every member has an equal vote; the set-up is democratic all the way. It's non-partisan, non-sectarian.

Experts will help you make claims and find the right job. You'll enjoy dances, sports, a wide choice of lively activities. YOU'LL HAVE A CHANCE TO JOIN IN AGGRESSIVE, RESULTFUL SERVICE TO YOUR NATION, YOUR STATE AND YOUR TOWN.

There's plenty in it for you, and your friends at the local post will gladly give you details. Come on down. There's a job and a welcome waiting.

SPORTSMEN'S BRIEFS

BY JOE ELBERSON

Here it is... the rules for the annual fishing contest for members of the Bristol Fish & Game Protective Association have just been released by the co-chairmen of the fish committee, Ollie Hobbs and Kenneth Brandau.

The rules are as follows:

1. All members must be in good standing in the Association for a period of at least 10 days prior to making an entry.
2. All entries, except trout and salt water species, must be caught in public fishing waters of Bucks County, or waters forming its boundary. Trout may be taken from any public stream in Pennsylvania, while there are no restrictions on locale for taking salt water fish.
3. Eels are not included in the non-game division.
4. All catches must be entered at Penn Auto & Sports Store, 227 Mill street, official contest headquarters. Entries can also be made in an emergency directly to either Hobbs or Brandau, the committee chairmen. When catches are made at some distance from home and the fish are not returned, then entry can be made by notarized statement giving full details.
5. All winners will be decided by weight.
6. The contest will close December 31, 1948, or at the end of respective 1948 legal seasons.
7. One five-dollar prize will be awarded the winner of each of the following six divisions: Trout; Non-Game; Bass; Pickerel; Carp; and Salt Water.
